

UCLA

Student Learning Outcomes for the B.A. in Ancient Near East & Egyptology

Ancient Near East & Egyptology major graduates will be able to:

- demonstrate a mastery of the ancient near east and its history.
- demonstrate, within the context of the study of the Ancient Near East and Egyptology, specific skills and expertise acquired in earlier coursework; including research, analysis and writing.
- identify, evaluate and analyze historical monuments, periods in time, vocabulary, concepts, as well as historical figures.
